Key Skills

Use maps, atlases, globes and digital and computer mapping to locate countries and describe features studied.

Name and locate countries and cities in the United Kingdom.

Name and locate countries, focusing on the continent of Europe.

Use the first eight points of a compass.

Recognise and use map symbols and keys.

Key Facts

Europe is a continent located entirely in the northern hemisphere.

Despite being the second smallest continent by land area (covering 10.2 million km²) it is the 3rd most populated continent in the world, with about 746 million people – one tenth of the whole world!

Europe largely rests on the same landmass as Asia, separated by the Ural Mountains and the Caspian Sea.

There are 51 countries in Europe. Russia and Turkey have land in Asia as well as in Europe.

Map of Europe with Flags

How many flags do you recognise?
Can you research and find the flags of the United Kingdom countries?
