

# Dinosaurs!

## Key Facts

Dinosaurs were around millions of years ago!

Dinosaurs were around in the Mesozoic Era or “The Age of Dinosaurs”.

There were more than 700 species and they lived on all continents.

Lizards, turtles, snakes and crocodiles all descend from dinosaurs.

One of the biggest dinosaurs was the Argentinosaurus.

An asteroid hit and they became extinct.

### Dinosaurs

Plesiosaur	Herbivore	Huge	Extinct
Prehistoric	Large	Carnivore	

## Significant Person

<b>Name:</b>	<b>Mary Anning</b>
<b>Year of birth:</b>	<b>21/05/1799</b>
<b>Year of death:</b>	<b>09/03/1847</b>
